

Grinder Maintenance Made Easy

Great prices from a trusted supplier

Conair Knife Sharpening

- Knife sharpening services with a quick turnaround.
- New knives stocked to accommodate blades that can no longer be sharpened.
- Some of the best pricing in the industry.

Knife Sharpening now priced at \$1.60 per inch.

- Knives can typically be sharpened 2-3 times before they need to be replaced (depending on material).
- Above price is for flat knives only. Segments with brazed trips priced separately.
